

Plan of Operation to Care for Clients with Incontinence

A licensee of an adult Community Care Facility (CCF) may accept or retain a client who has bowel and/or bladder incontinence. To do so, you must submit a Plan of Operation to Community Care Licensing Division (CCLD) that will detail how you will maintain compliance with Title 22. The plan must include details such as:

- How and when you will provide incontinence care.
- How you will implement a toileting plan.
- How you will train staff.
- How you will document the care you provide.

In RCFE's, incontinence care is a Restricted Health Condition and that is not covered by this product. (Please see [RCFE Allowable, Restricted, and Prohibited Health Conditions](#) for details).

RA Mears Consulting can provide you with the documentation you need to provide incontinence care that meets Title 22 requirements, including:

- A cover letter to CCLD.
- An addendum to your Plan Of Operation.
- A sample incontinence care checklist and incontinence care instructions.

Price: \$100

Note: See our [Products & Services Price List](#) and [Policies](#) for full details. You are accountable for knowing the contents of your *Plan of Operation to Care for Clients with Incontinence* and for providing the services therein. To this end, RA Mears Consulting will provide an overview of any documentation provided to you, as needed.

A *Plan of Operation to Care for Clients with Incontinence* delivered outside of San Diego County will be sent by email or regular mail, as agreed on.

All *Plans of Operation to Care for Clients with Incontinence* delivered electronically will be in non-modifiable PDF format and *will not* be provided in a modifiable format (e.g., DOC, TXT). RA Mears Consulting will make any revisions to *our work* required by CCLD for *initial* approval without additional charge to you.
